Description

VOGA Vodka is the result of two years of research carried out with an Internationally acclaimed Italian master distiller with the objective to create a premium Vodka that could represent Italy globally. After 78 small trial batches we came up with what we think is Italy's finest Vodka.

What is Italy known for worldwide? Pasta, Pizza, Bread... wheat!

Packaged in the notorious VOGA slick stylish bottle and beautified by luminous Swarovsky gems, VOGA Vodka comes with a retractable incorporated pourer in each cap making it easier to use for bartenders at bars and clubs and to entertain at home.

- Handiness in use, as the pourer is already incorporated to each cap.
- Hygienic safety, as each pourer can be used only with its bottle.
- Time saving, as bartenders will no longer have to change pourer every time they open a new bottle.
